“ As a young Army Lieutenant LeOren had 36 months in Vietnam as an Advisor to Vietnam units in the Mekong Delta. He worked with Vietnamize, South Korean, and U.S. officers and soldiers. His assignment and mission there was to keep the rice crops safe for the South Vietnamize and away from the Viet Cong who desperately wanted the rice. This involved constant vigilance and there were several battles. He was awarded a Purple Heart as well as other commendations. He told me that if a water buffalo was anywhere near it seemed to single him out and come after him (to the amazement of his Vietnamese officers who had to shoot the water buffalo). After retirement and moving to Lubbock, Texas he learned line dancing, Texas two-step, and other Texas type dancing and enjoyed that social activity a lot. LeOren is my brother. He is greatly missed. “ LeOren was my first cousin. We had some fun times throughout the years and I treasure those memories. I am proud of LeOren and his service to our country. He served admirably at a time when our country was not very kind to returning veterans and they were not treated well when they returned. The photo posted was a nice one. My sympathy to all.
