Anyone who has had to watch a loved one go thru the bad things in their life then watch the life be sucked out of them by cancer is a very strong and courageous person. Carmen fought the cancer battle with dignity gonna miss that smile when ever she was out and about and gonna miss chatting with her at the Bond clinic. Fly high Carmen be with the Angels in heaven love the new body that is cancer and pain free.

“ A few years when the Shrine Circus was down behind the club, she talked me into walking down with her. They were giving elephant rides, neither I or Carmen had ever been on an elephant so we decided we were going to ride one. She sat up front behind it's head, I sat in the very back. The handler told her whatever you do, don't touch his ears, so of course she rubbed them every chance she got. Every time she did the elephants tail (Im in the back) went up and guess what the elephant did. She was onery at times, but I loved her for it.
