“ *My grandmother was absolutely AMAZING in every way. She cared about her whole family and thought about us all the time. There’s not one birthday, Christmas, or special occasion that she missed and believe me when I said she had many to remember with us having a big family, but that never stopped us from receiving cards in the mail from her. I will miss our letters we would write to each other, I will miss her making me laugh so hard. Only she knew how to bring out my ugly laugh! She was a strong woman who taught me the true meaning of love after her loosing my grandfather. She held on and made it through the hard times. Our serious talks got me through some rough patches in my life. I will miss her comforting voice more than anything and her telling me she loved me. But most importantly I will miss her soul. She was a GREAT woman and I’m so grateful and thankful that God made her MY grandmother. I couldn’t have asked for anything better because I had the best. I love you Grandma. Thank you for everything. I will cherish all the good times we had together. You are home now. Can’t wait to be with you again. I love you!*

“ I met Delores when I was the Widow Support Coordinator at Ft. Leonard Wood. She became a volunteer and reached out to lots of new widows. She also volunteered in the office. She became a good friend and we've spent many three hour lunches together. She was always good for a laugh. Since my move to Spfgd, we communicated by phone and had many long conversations. She was an excellent listener, giving advice when needed. She made life look so simple. She called me one day and said she'd seen this book at Wal-mart. It was "Don't sweat the small stuff and it's all small stuff." She said the title told her all she needed to know. Why buy the book? We had a good laugh on that one. Sometimes we were serious and other times we acted like two kids. She was a unique person whom I will miss dearly. I have terminal cancer and know she will be there to welcome me in heaven. My heartfelt sympathy to her family.

“ I loved my 3-4 hours of phone conversations with my aunt laughing 😂 and reminiscing about my sister (Rosemary) and how bad I was at the age of 3yrs old. Not only was she my aunt, she was my friend, and I could always depend on her to tell me what was right when I needed advice. R. I. H. Aunt Lois, you are now with the rest of the family. I Love 💕 you and you will be truly missed.

“ I have many memories of my beautiful great Aunt Lois, but the the one I'll always cherish is when we would always write each other letters. As a young kid when I lived down south I'd run to the mailbox every week to find a letter from her, and then I would send one back. She always kept me laughing. I will always remember our last talk and how she told me she was proud of me and my children. She will truly be missed and her amazing children are the best. You all have made her extremely proud!! I love you all.. RIL Aunt Lois...
