“ *greg and I had coffee every morning at work. He knew I do not like to be bothered early in the morning especially MOnday mornings and every morning in he would walk. in with a big smile on his face, grinning like a fool sometimes and he would say, "am I drinvng you nuts yet?" He would pour a cup of coffee and sit down and we would chat about what ever was on our minds. He made a point of putting a smile on my face everyday and it made my day go better. He was very friendly, I met him one day and the next day he was in my office grabbing the coffee pot, always smiling. He confided in me his concerns, problems, I was his sounding board and he was mine as well. I miss you Greg and my coffee mornings are very boring now without you being there. Miss you, you big goof ball, miss you lots.*
