“ *I really liked working with Jerry these past few years. Jerry was so knowledgeable and had no problem getting in there and getting the work done. He was so witty and enjoyable to be around. I was always happy to see that he would be working on the same project and travelling to the same location as me. Jerry was an all around great guy and I will miss him. My condolences to his family. May fond memories of Jerry bring you comfort during this hard time in your life.*

“ *I had the privilege of working along side Jerry on a number of projects for work over the past decade. I will remember him as a hard working, good humored man that brought integrity and efficiency into everything he did. He will be sorely missed. I'm sure his legacy will live on through Jory and Nick.*

“ Jerry will be missed by everyone he worked with. His attitude and dedication to do things the right way and with joy was infectious. His one liners were the best. Jerry was upset he couldn't “answer the bell” for his latest assignment, and that was the only time he didn't. His professional manner and love he showed for his family are an inspiration. May Jerry Rest In Peace and his family know that he was loved and appreciated, and will be sorely missed.

“ I will always remember my cousin Jerry as the sweet little boy who loved to fry eggs for all of us. He had the sweetest smile. My thoughts and prayers go out to his beautiful family and his lovely Momma, sister, & brother.
