“ *Justin did many things to help a lot of people that needed help. He loved working on cars and loved spending time with his fiancée' and niece and nephews. There was never a day that went by when he didn't have a smile on his face. He will be missed and loved as we go on with our lives and know he is looking down on all his friends and family. We love you Justin. RIP Cuz.*

*This is shocking to me. Was wondering for years what happened to him. We were good highschool friends. Not a way to find someone. RIP Justin*

“ *Justin, you will always be remembered as a great friend. May you rest in peace, and your memory live on through the stories and memories of all your friends and family. Your goofy smile, one eyebrow raised look, flip flops and shorts, and attitude that made you always willing to help someone else will always be in my memories. I miss you, buddy.*

“ *May you rest in peace...I will miss a lot ...you were always here even if you weren't really always around...you will always be in my heart with me every step of the way... I'm glad that I was able to call you my uncle and you were the best uncle I never had...none of this feels real and I don't want to believe it but its all every much real and I have to face it...I promise to try to make you proud...I wish you were around a while ago to watch me grow, but now you can, you may not be here to help me but i know will you're watching over me...you were always there for my mum and dad, my whole family, I am glad you were too... It will be even harder knowing you gone and we are all going to keep you in our hearts because that's where your home is... Everyone looked up to you and I know I continue looking to you... You were loved by everyone and will continue being loved...*
