I miss you so much already you are an amazing person and you made me a better person for knowing you. You will always be close in my heart. You were my friend, confidant, and occasionally my Conscience. I'll take the lessons you taught me, and your big heart with me always! I love you my friend until we meet again!

“ Justin and I were in an English class together. He always made the class so much more enjoyable. I think about the jokes and the times we’ve shared often over the years. He was one to always make sure to say hey and see how I was doing. He made me and several other people laugh constantly.

I’ve thought about him many times since high school, but never reached out. So sad to see such a fun loving soul leave this earth, praying for his family and friends during this time.

We weren’t close then and we never stayed in touch after high school, but the times I had shared with him were never forgotten.

“*Justin and I were best friends from the get go. He was like a special nephew. We were in contact on facebook as often as we could. I encouraged him in life. I thought he was doing really well these past months. I know he is in heaven with Monica and Danielle in the presence of Jesus... Justin filled with peace and love...*
