“ Kathy you took such good care of me and always showed me so much love. I love you and even though it has been such a long time since last we've spoken. I thought about you often and how much I wanted you to meet my children. May you rest in peace and I know you are now looking in and keeping a close eye on my family.

“ I am so very saddened to hear that Kathy has passed away. She was very close to me and my family for several years. She lived with my dad (who she adored) and I for a lot of years and she did so many nice things for us & for my son Danny!! She loved him SO much!! And she shared that love with my other kids as well!!! She loved me too as I loved her and am so sorry that we lost contact with each other in the past few years or so. RIP dear Kathy. I've missed you ever since you moved away from Peoria and am missing you even more right now.

My Sincere Love,
