“ We grew up together...she was my protector on the school bus....protector on schoolgrounds....remember being so sad when she married, thought I was losing her. After we both married...had our children...watched them grow together...we had fun with the kiddos...they may say different...lol...when our children started their own families we didn't spend alot of time together except at family functions but was always just a phone call away. She was such an artist, I used to be so amazed at her artwork. She will be missed by all but for me, I will always cherish our memories from back in the day. Until we meet again sweet cousin❤️
