“ Grandma,

*I miss you every single day. You were one of the strongest and kindest influences in my life and I will never forget your character and strength. My only regret is that I can't see you every day and remind you of what an amazing person you were. I love and miss you.*

“ Dear Sharon, I am sorry about your mother. You were a wonderful daughter to her. I will pray that God will comfort you and your family at the loss of your mom. If there is anything I can do to help, just let me know. Sincerely, Kristine##imported-begin##Kristine Coffman##imported-end##
