“ Hi U & Chandi absolutly rokced on BGT! Well done !! I am a lighting & robotics engineer in India working on sound & light shows based on animals. You have sort of inspired me to do a doggy show based on the 12 notes in an octave with 12 robotic dogs(13 actually with the next C) of varying heights who move their mouths and bark in tune. I will program them to bark out tunes , starting with Doe-a-deer' (what better to start with) from S of M.TC & a big God Bless###imported-begin##Shruti###imported-end##
