“ Paul was a devoted man. Devoted to his family, his friends, his country, and God. The amount of energy and intestinal fortitude he had was shocking. He always went the extra mile and I don't think the word “NO” was in his vocabulary. He could always find a way to do what needed to be done.

I only knew him a short time, but it felt like we had been friends a lifetime. His passion for all things aviation related was encouraging. He wanted to share what he knew and learn what he could. He was a great leader of our EAA chapter. I just don't think any of us realized how much work he did behind the scenes. We will, without a doubt, miss his smile, his laughter, his cooking, his ideas, and his enthusiasm.

Most times, people will say REST IN PEACE when someone has had such a full life and blessed so many people, as Paul did. However, I feel Paul was still too young. He had so much left to give and do. So I will say FLY HIGH FRIEND. Enjoy the view and we will tip our wings to ya when we are up there flying around.

*With Heartfelt Sadness,
CJ Drewel
President, EAA Chapter #1616*

“ My sincerest condolences to the family. Sending prayers of peace and comfort to all of Paul's family and friends, We were distant cousins. His grandmother and my grandfather were brother and sister. We called his grandmother, Aunt Mandy. Sue Ray Manes

Sue Manes - March 24, 2022 at 11:44 PM

“ We will all be missing Paul at our Experimental Aircraft Association Chapter. Paul was the founding father and driving force in its success over the past 4 years. His hard work in organizing events and acting as the head chef at numerous events will be sorely missed. As Chapter 1616 President Paul's energy and hard work has served as an inspiration to myself and all those associated with the Chapter.
