“ Dear family of Rex Noe. My husband, Bob West, and Kathleen are cousins. I married into the wonderful “West” family. I helped Kathleen plan a fun family reunion when your Grandmother, Grace Van Hooser was still living. Bob and I were sorry to hear about your father’s passing. I remember him as a very gentle man and he had the same passion for teaching that Bob had. There were a lot of teachers in that family and a lot of students lives touched in a positive way!!

Our thoughts and prayers are with you. We pray that all your sweet memories will give you comfort and make you smile. May God Bless you all in a special way during this tough time!!!

Bob and Lynn West

P.S. We have mailed a memorial in your father’s name to the funeral home for the children’s camp.

“ Mr. Noe was my biology teacher at Waynesville. Once he had us dissecting worms and other things I knew my future as a nurse was kaput. He was a really nice and funny guy. Prayers for peace for the family.

I had Mr. Noe for Bio and Adv Bio at Waynesville. One of my favorite teachers of all time. I've been thinking alot about him lately. He wrote something in my yearbook about my mandibles getting a good workout. My sympathy and prayers to his family.

Mr Noe was my teacher in 1976 at Waynesville HS and opened the world of biology to me. I will never forget him standing atop the lab desk with his index finger poked down the gullet of a pickled frog and using it as a pointer for instructions in dissection. He inspired me to a wonderful career in biology and I am indebted. More so, I am grateful for his Christian witness as he unashamedly read his Bible at his desk during lunch breaks. He was a genuine light and I regret not having kept in touch after my dad's military career moved us away. Thank you Mr.Noel for the positive influence you provided !
