“ My sincerest condolences to Tiana's family. I hadn't seen her in years, but I did take this photo of her and Amelia at her wedding. I worked with Tiana for awhile when we were stationed at FLW and she was someone I enjoyed being around. Such a tragedy to see her gone too soon.

“ My condolences go out to your entire family. I knew Tiana for a few years at VHS. No matter how her day was going, she always had a smile on her face and tried to make others laugh. RIP Tiana.

“ *Tiana... You were one of my best friends in Italy. I hoped that this was something I would never be doing. When we met your sister was still little. You had a spirit made of fire. I tried to keep you out of trouble. Often you were willing to take the risk of failing your curfew. Back then you were one of my very best friends. Someone whom I confided all of my secrets to in which you did the same. Regardless of your gypsy soul and relentless heart that always yearned for yet another adventure in the middle of Europe, your friendship is one I will always cherish. Over the years we would randomly talk, as most military brats do, of our troubles and life picking up like no time had passed. You wrote me when you found out that you were pregnant with your first daughter and many times before that. You were so excited about what you called a new beginning. I'm all too sad to think that they will have to grow even further without you. I'm honestly lost for words. I opened a box today when I found out, one that I haven't opened in years. One with the postage from when you sent me a bracelet after I left and many memories from Italy. Your sister looks so much like you and I laughed looking back of a few of our conversations of her growing up. No matter what happens in life, I will always appreciate the friend I had in you. I'll be thinking of your family and your babies. I hope that you're able to rest easy and that you look over all of us. Love ya always- Kristin Bunch*
