“ My mom was a gypsy soul, she had a big heart and she always danced like no one was watching. She will be missed.

“ I love you Vic. You were our older sister when we were children. Your life was hard, too hard. I pray Julie met you at the gates and said welcome home. Hun the troubles and pains of this life are behind you now and I feel we will see you again.

“ Vicky was my sister. She was special but one crazy girl. Wasn't anything she couldn't handle and scared of nothing. She lived a hard life. I will miss her wild phone calls. Hopefully God has taken her home . I love you., and will miss you

Vicky was my cousin and we had a lot of fun times as children at our Granny's house and we always talked about them. We talked quite often. She messaged me a couple months ago that she couldn't wait to move back home and wanted to listen to some Bob Segar with me so I got the album out and called her and played it. I'm already miss our talks. Praying she is at peace high on that mountain with other beloved family memories. I will always carry her and those memories with me. Especially how she used to always slap me in the face with bologna as kids. I love you Vic!
