

Waita Karcher

November 5, 1955 - October 28, 2013

Waita Karcher, daughter of Hez and Ormagene (Barbee) Salsbury, was born November 5, 1955 in Pueblo, Colorado. She passed away Monday, October 28, 2013 in the Lake Regional Hospital of Osage Beach, Missouri after a long and brave battle against cancer.

Waita grew up in Pueblo and graduated from South High School in 1974. Shortly after graduation, she began attending the University of Southern Colorado. While a student at Southern Colorado, Waita met the love of her life during a shooting rifle competition. His name was Donald John Karcher, an infantry officer in the United States Army. They were married on May 15, 1976 in Fort Carson and enjoyed their honeymoon in Ft. Benning, Georgia where Don was serving. They were blessed with two children: John and Robyn.

Waita, Don and their family moved several times with the military. They were stationed at Ft. Dix, Ft. Carson, Ft. Benning, Netherlands and Germany before being transferred to Fort Leonard Wood in 1992 where they decided to stay after Don's retirement from the military.

Waita was a hardworking woman. While stationed at Ft. Dix, she was the thrift store manager, a sewing machine representative for Pfaff Sewing Machine in the Netherlands, the Chief of Girl Scout Volunteers in Europe and then was employed by the University of Missouri.

Waita's 20 year career with the University of Missouri Extension as a 4H Youth Program Assistant touched many youth and volunteers in the community. Waita earned many accolades including the Army Generals Coin for her work with military families and 4H YPA of the year for her contributions to 4H. Waita presented programs at several National Conferences for the 4H Army Program and the 4H Camping Program. She loved 4H camping, working with the camp counselors, singing songs with the campers and ooey gooey science programs. Most of all she loved the kids she worked with and always created positive youth development experiences so that they could learn life skills to help them succeed in the real world. Waita created 4-H days at Fort Leonard Wood that educates military kids about FLW youth services and 4H programs. This annual program has been going strong for over 10 years touching over 2500 military kids with educational hands-on programs.

In her spare time, Waita enjoyed shooting, cooking and volunteering. Even when her health began to decline, she still did as much as she could to help with the different organizations that she was involved in. Most importantly, she loved her family and cherished all those times they spent together.

Waita was a wonderful wife, mother, daughter, sister, grandmother, aunt and friend. She will be sadly missed, but fondly remembered by all those that knew and loved her. She leaves to cherish her memory her husband, Donald Karcher of the home; parents: Hez and Ormagene Salsbury of Pueblo, CO; two children: John Karcher and wife Simone and Robyn Batross and husband Chris; one sister: Crystal Aurand; one brother: Hezzie Salsbury; three grandchildren: Sebastian and Ariana Conrad and Isaac Batross; two aunts: Sandy Koehn and Rita Barbee; one uncle: John Koehn; several nieces, nephews, other relatives and friends.

Services were held at 2:00 p.m. Friday, November 1, 2013 in the Memorial

Chapels and Crematory of Waynesville / St. Robert with family friend Pete Scheffer officiating. The songs "Brown Eyed Girl", "Laura's Theme", "I Dreamed a Dream" and "You Haven't Seen the Last of Me" were played. Serving as escorts were John Karcher, Hez Salsbury, Sr., Hez Salsbury, Jr., Joe Aurand, Alex Aurand and Hank Aurand. Serving as honorary escorts were Phillip Stone, Blake Allen, Doug Renno and Chris Batross. Burial followed in the Missouri Veterans Cemetery – Fort Leonard Wood.

“ Don and I met Waita through her parents, our friends Hez and OrmaJean. They raised her and all her siblings to be thoughtful, and caring. Waita fought the battle of her disease longer than anyone I have ever known with that dreadful disease. Our hearts are breaking for all of you and pray that time will heal and bring forth wonderful memories that you all have of each other as evidenced by the pictures we have looked through. “ I have had such a blessing in my life from knowing Waita. I met her while working for mu Extension, and my fellow FNPs and myself had a chance to team up (4-H & FNP) to do some programming with some of the Pulaski County youth--we always had such a good time programming together. Waita was such a wonderful lady--and fought so hard against cancer. Again--such a blessing to have known her these past seven plus years. She will be so missed--my prayers and thoughts are with her family. Becky--Laclede County, MO

“ My niece/sister Waita was the most inspiring and courageous woman I have ever known. She fought the battle and won for longer than I ever could have.

We fought like sisters but loved each other fiercely. Being an Auntie to someone only 6 years younger than you is hard – you are more like sisters than Aunt and Niece.

When we were really young I remember a time when I was enough older than her that I did not want her to come into my room. Either my mom or her mom put chairs in front of the door for a barricade so that the door would be open. We were both crying from our sides of the barricade. Then I was in college and she was in high school. I had yellow fish net hose and yellow shoes. She had a beautiful black skirt and white blouse that she wore when she played in Youth Symphony. I wanted the black skirt and white blouse and she wanted the fish net hose and shoes. The problem was, we were such different sizes we could not wear each other's clothes. That never did change. We always wanted to share clothes, and we always wore different sizes.

When Don was stationed at Ft Carson we got ahold of a bunch of plums and were making jelly. We realized we did not have cheese cloth to strain the juice. Into Don's closet she went and came out with a white tee shirt. I wonder if Don still has the tee shirt with the big purple stain on the front.

When John was born they were stationed at Ft Carson. I was afraid of holding a baby. I remember going to see them when they got home from the hospital I rang the doorbell. She came to the door opened it and handed Johnny to me. I was totally stunned and thought “Oh crap, what do I do now”... But she needed sleep. So there I was with this tiny baby. I guess I figured it out. She slept for a little while and I took care of John and Robyn. She somehow knew that I was afraid and she was out to change that. I felt that always gave me a special bond with John.

Waita was such an inspiration to everyone. She could fight fiercely for what she thought was right, then walk into a room full of kids and be as gentle as anyone I have ever known.

Waita had the awesome ability to be able to talk to anyone on their

level whether it be a 5 Star General or a three year old. She never felt she was better than anyone else, but she sure let people know that they were not better than her.

Waita was the best of the best. We loved each other and fought each other with equal amounts ferocity. Her passing has left a crater in my heart the size of the Grand Canyon and will miss her and love her forever and always.

“ There aren't enough words to express my appreciation for Waita and all she did to bless the military families in our area. She went out of her way to do all she could, even though Springfield wasn't convenient to her. I know she loved to come this way to visit her daughter anytime she could, however.
