“ I miss you Zoë. Although we didn't talk much you were a very good friend to me in middle school and that's what I needed back then. I can't help but think if I was there to be a good friend to you during high school, you'd still be here. Sometime next month I will be getting a tattoo in remembrance of you. Rest In Peace Angel. I hope you're happiest now.

“ I was talking to some friends, and noticed some mournful things posted about you. I do not know who you are but from what I have heard, and the pictures I see, you had a light that made many people smile, and brought happiness to all who were around you. I am sad I never smiled because of your light. I hope you are peaceful, and your family is doing well despite the fact that you are gone. They will never forget you and neither will you're friends.

“ We went to middle school together. You were so creative, talented, and beautiful. I looked up to your confidence and style. We shared a few small conversations I will cherish forever. You moved away and I got to see you one last time while visiting family out of state. I was so happy to see you again. Little did you know you have a great impact on my life. Rest in Peace, you are forever in my memory.

“ I didn't get to know Zoe real well but she was in band and jazz band with us. She was an amazing musician and just as wonderful a person. She would light up a room and would always be there for someone when they were down. She was apart of the band family and she will be dearly missed. I wish condolences and are sending prayers to the family in their time of grief.

“ Zoe, you were my very first best friend. One never forgets about their first best friend. You will forever be in my heart. I'll never forget about the nights we would stay up all night playing guitar hero, and restarting everytime we messed up until we got it perfect. Our favorite song to listen to was Cherry Pie. Each and every memory will always be remembered and you will always have a very special place in my heart. You are missed dearly by so many. Rest in piece baby girl ♡♡

I remember hearing laughing and talking at all hours of the night and I'd give anything to hear those laughs again. I never once worried about you two, you were smart girls and always did the right thing. When you moved back to Waynesville in the 7th grade, Leah couldn't wait to see you. Your parents gladly took Leah home that night to surprise you! I will never forget how special you are, how beautiful you are, or how much talent you possess. My heart aches for you and your family.
